

# Save the **Steeple!**

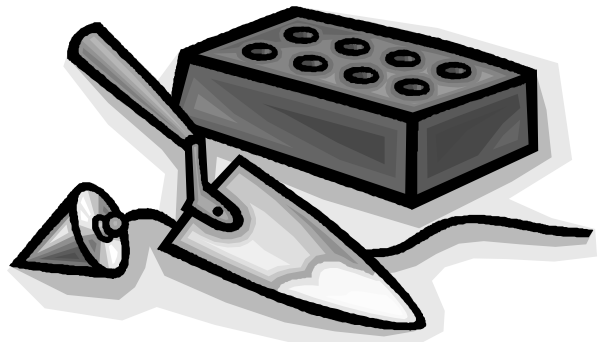

**Our bell tower  
needs your  
help!**

We've recently discovered that brickwork on the south side of our beloved bell tower has deteriorated, allowing water to penetrate the building.

The bricks and mortar are disintegrating rapidly, and the associated leakage has caused unknown structural and internal damage.

Initial estimates indicate \$30,000 to repair damage we can identify now. Fundraising efforts are underway within the parish to help 'Save the Steeple.'

**Please mail donations to:**

Holy Trinity Steeple Fund  
523 1st Street
